

Meeting 22.07.2026

Update meeting with Parsa

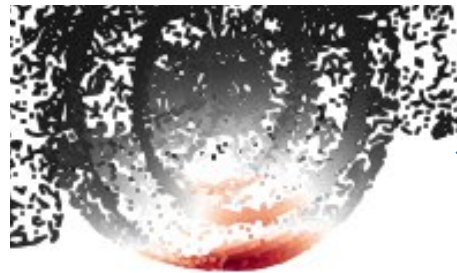

Previous methodology in the literature: Gaussian Ball Mask

131k points - view 1

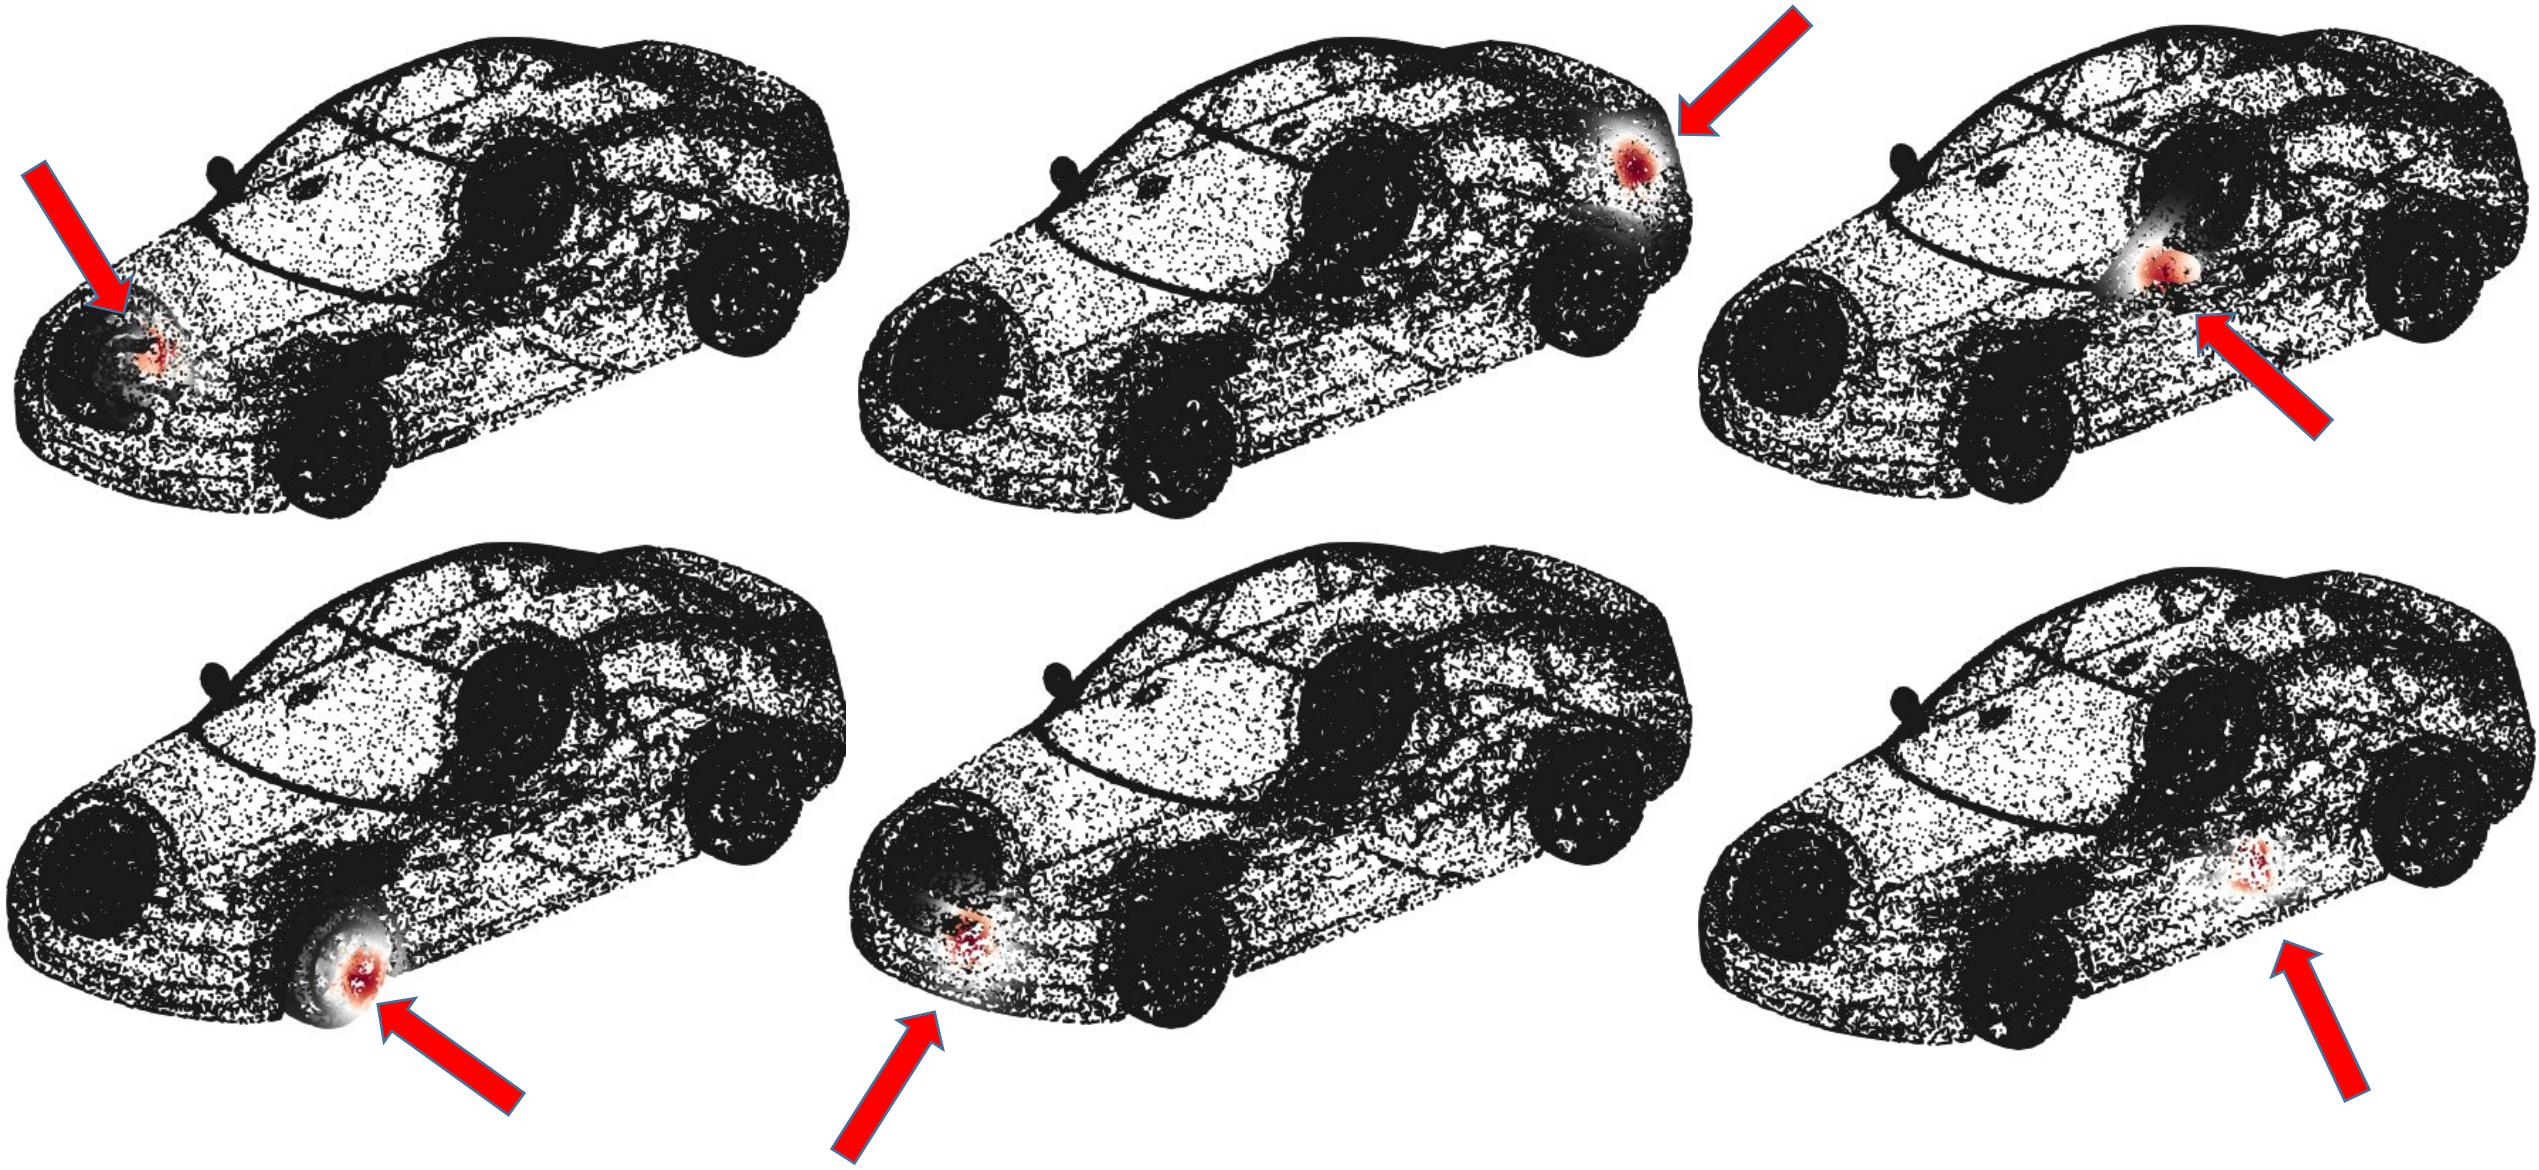

127k points - view 2

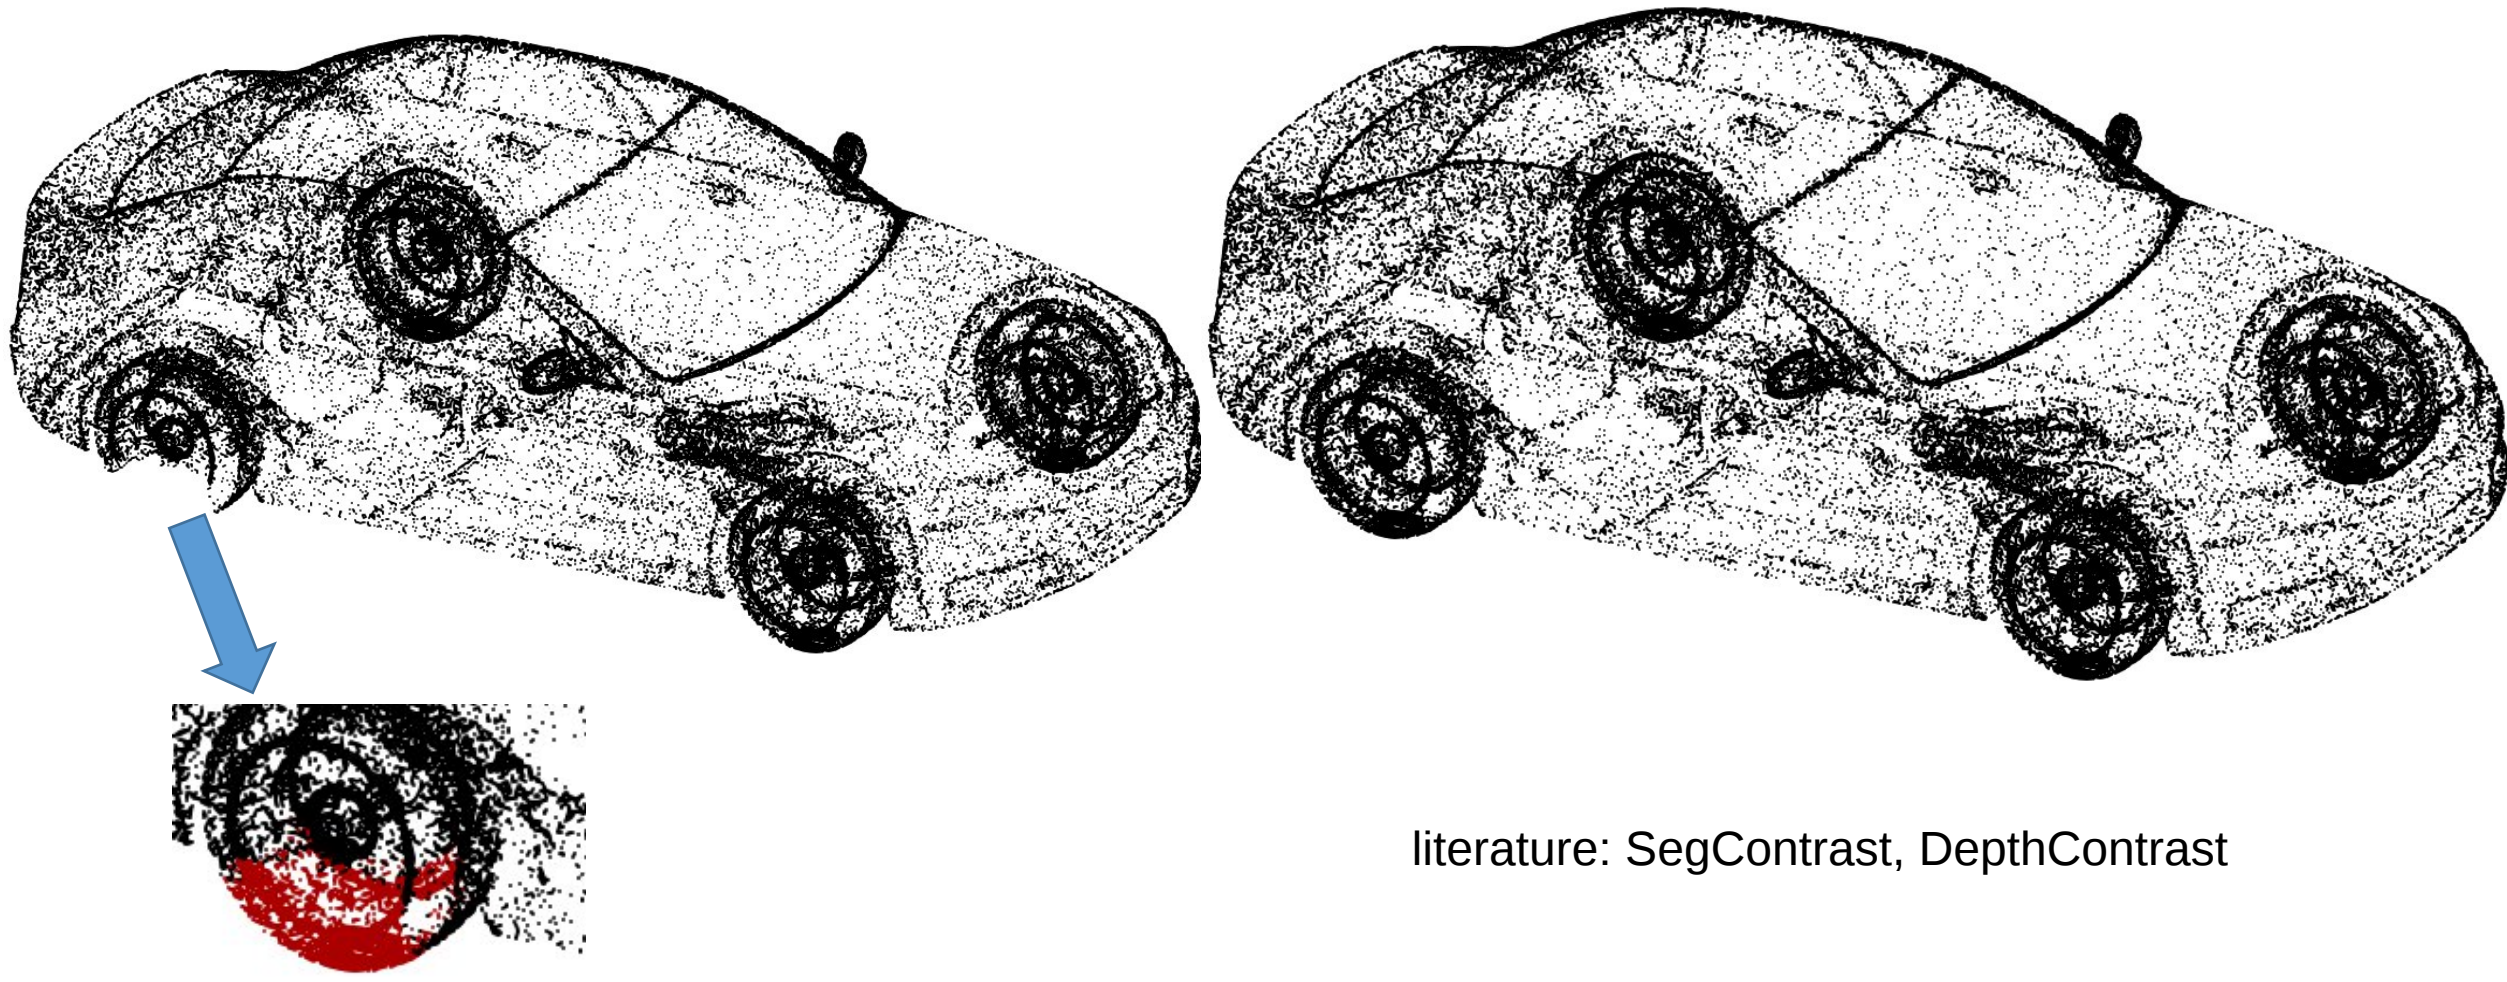

Literature: PointCloud-C

Point sampling Baselines – Gaussian Ball Mask

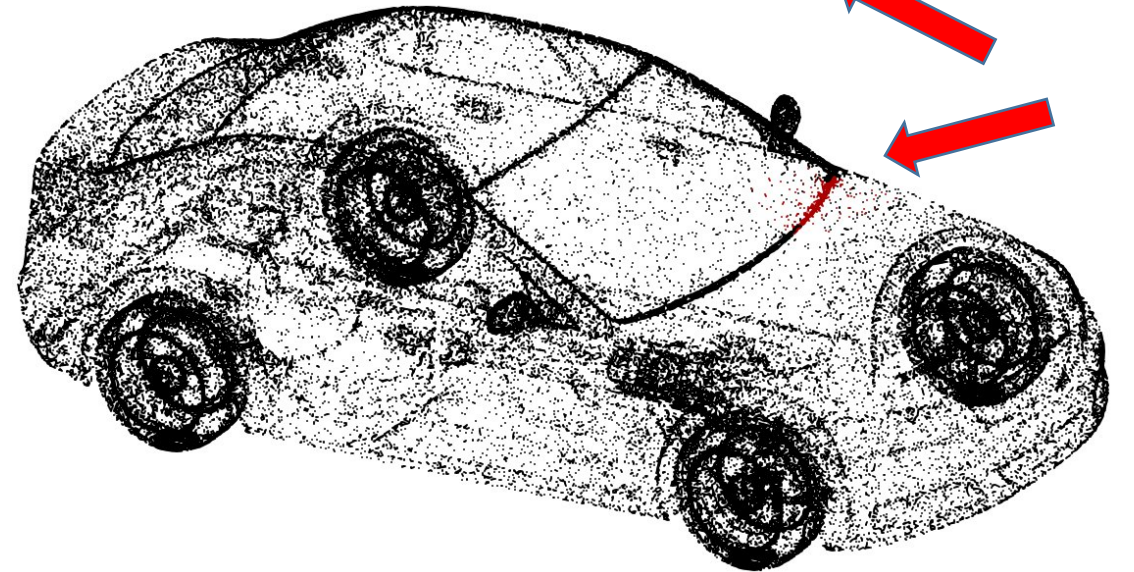

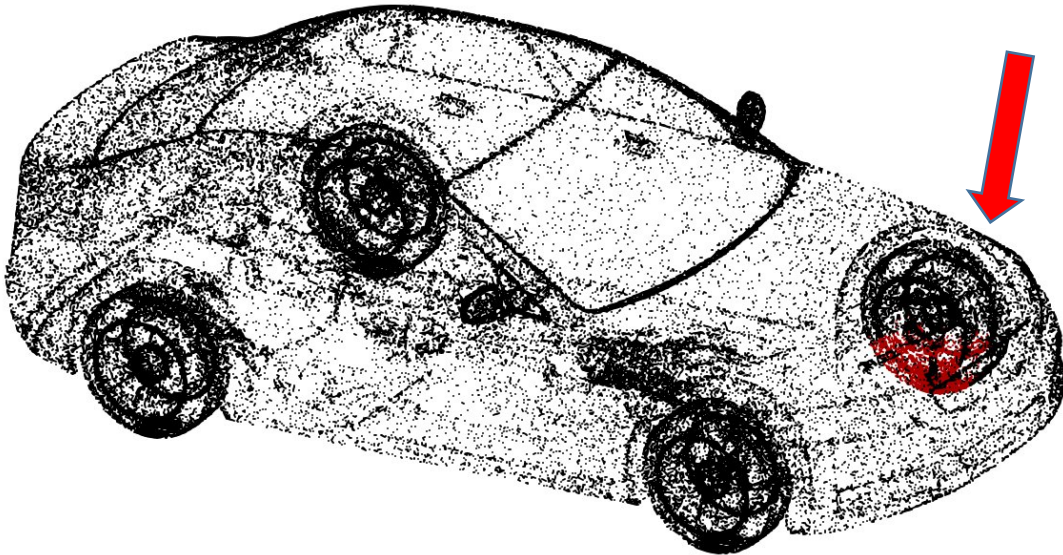

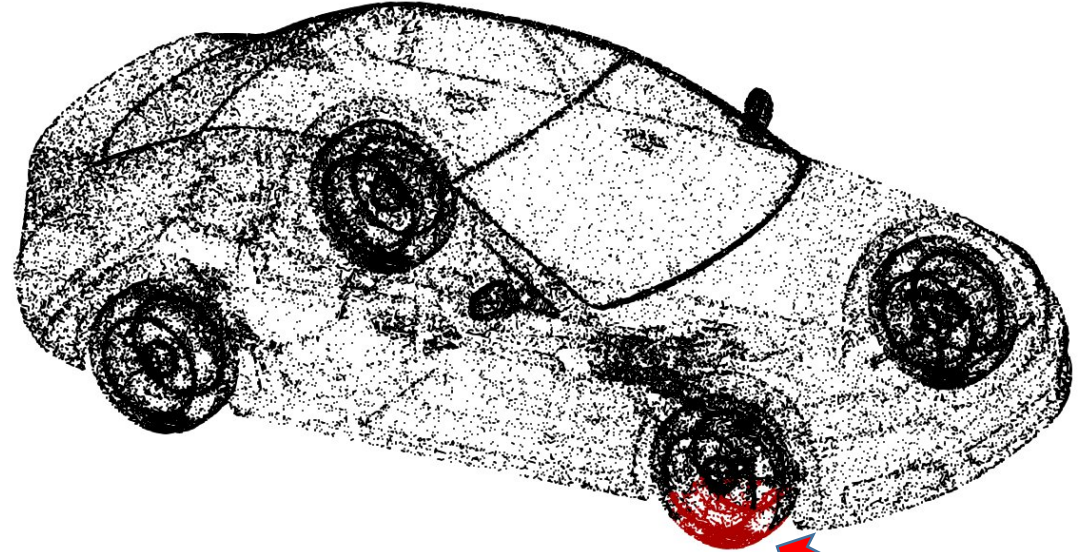

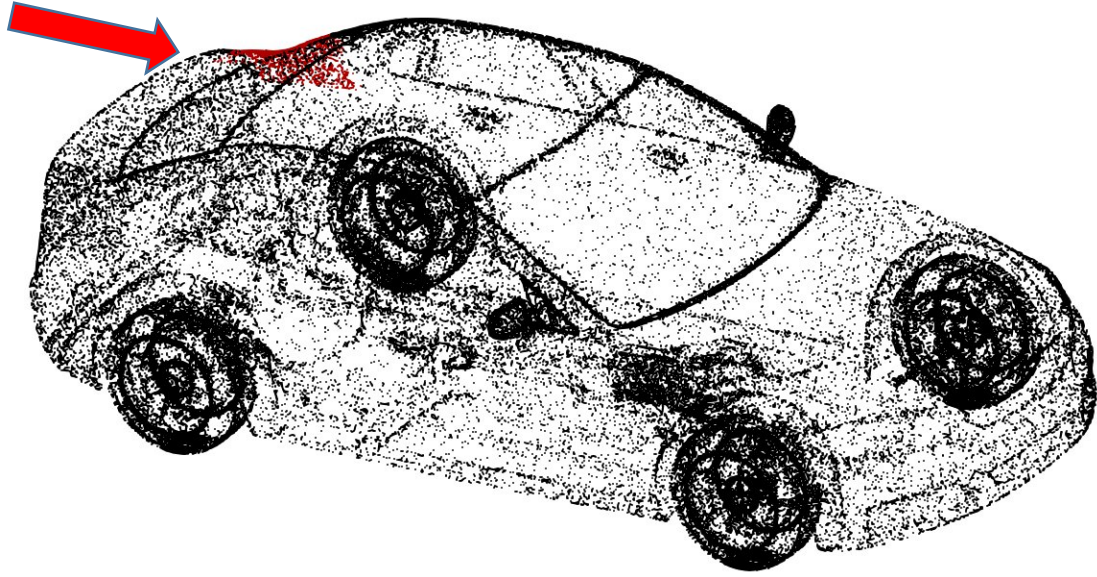

Previous methodology in the literature: Box Mask

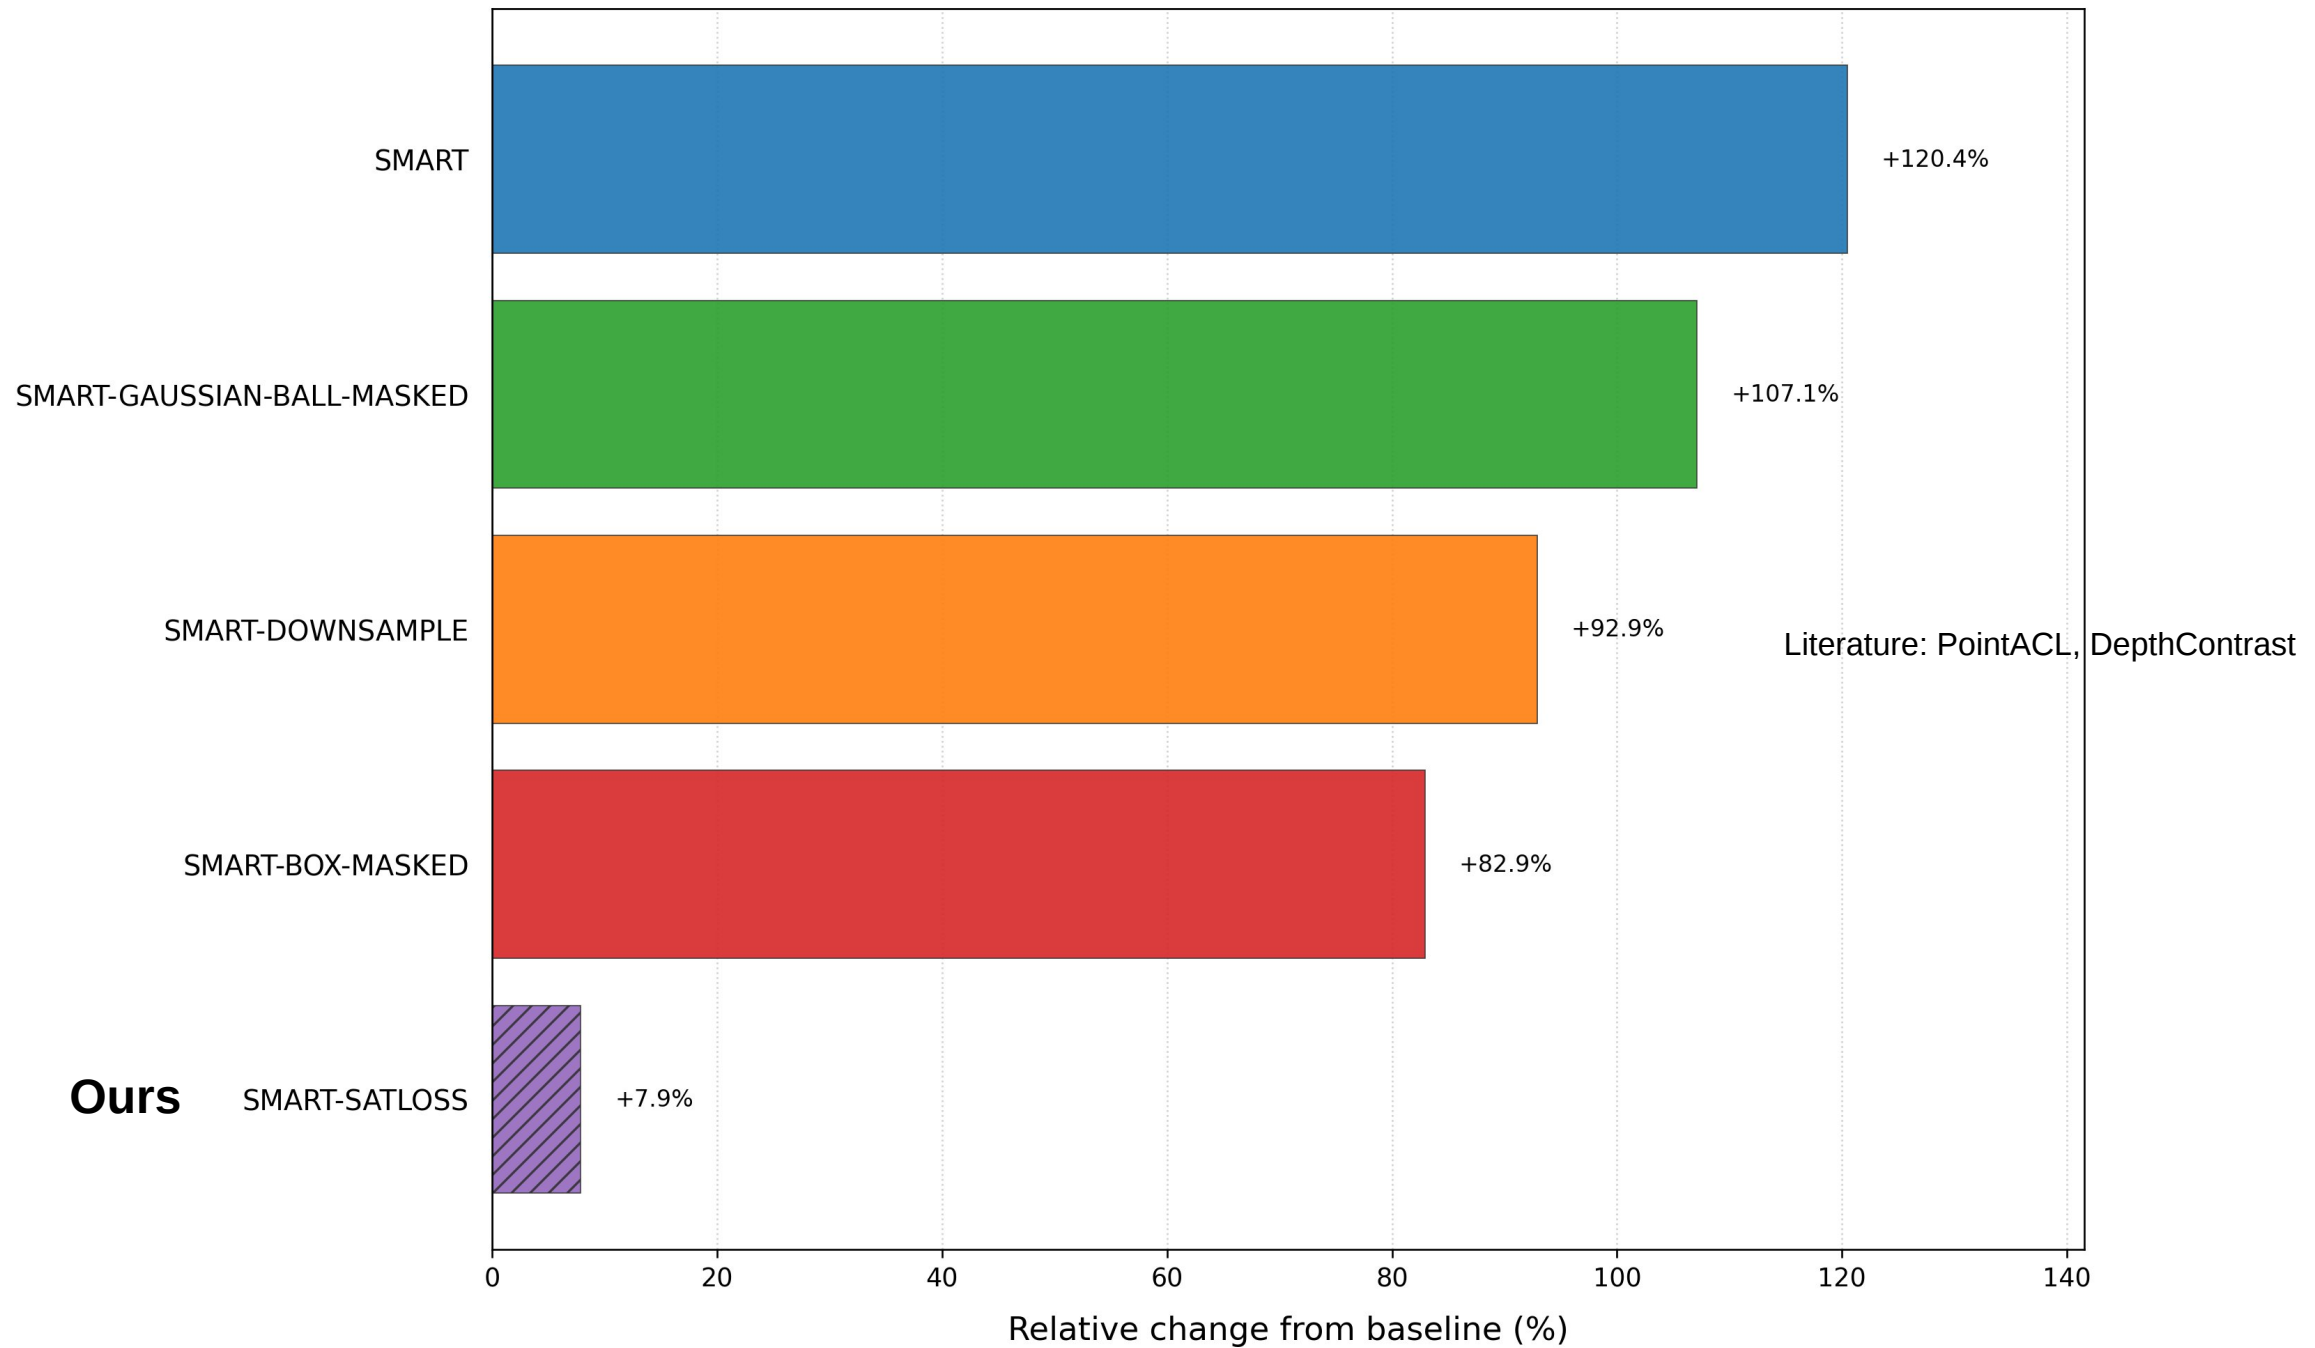

literature: SegContrast, DepthContrast

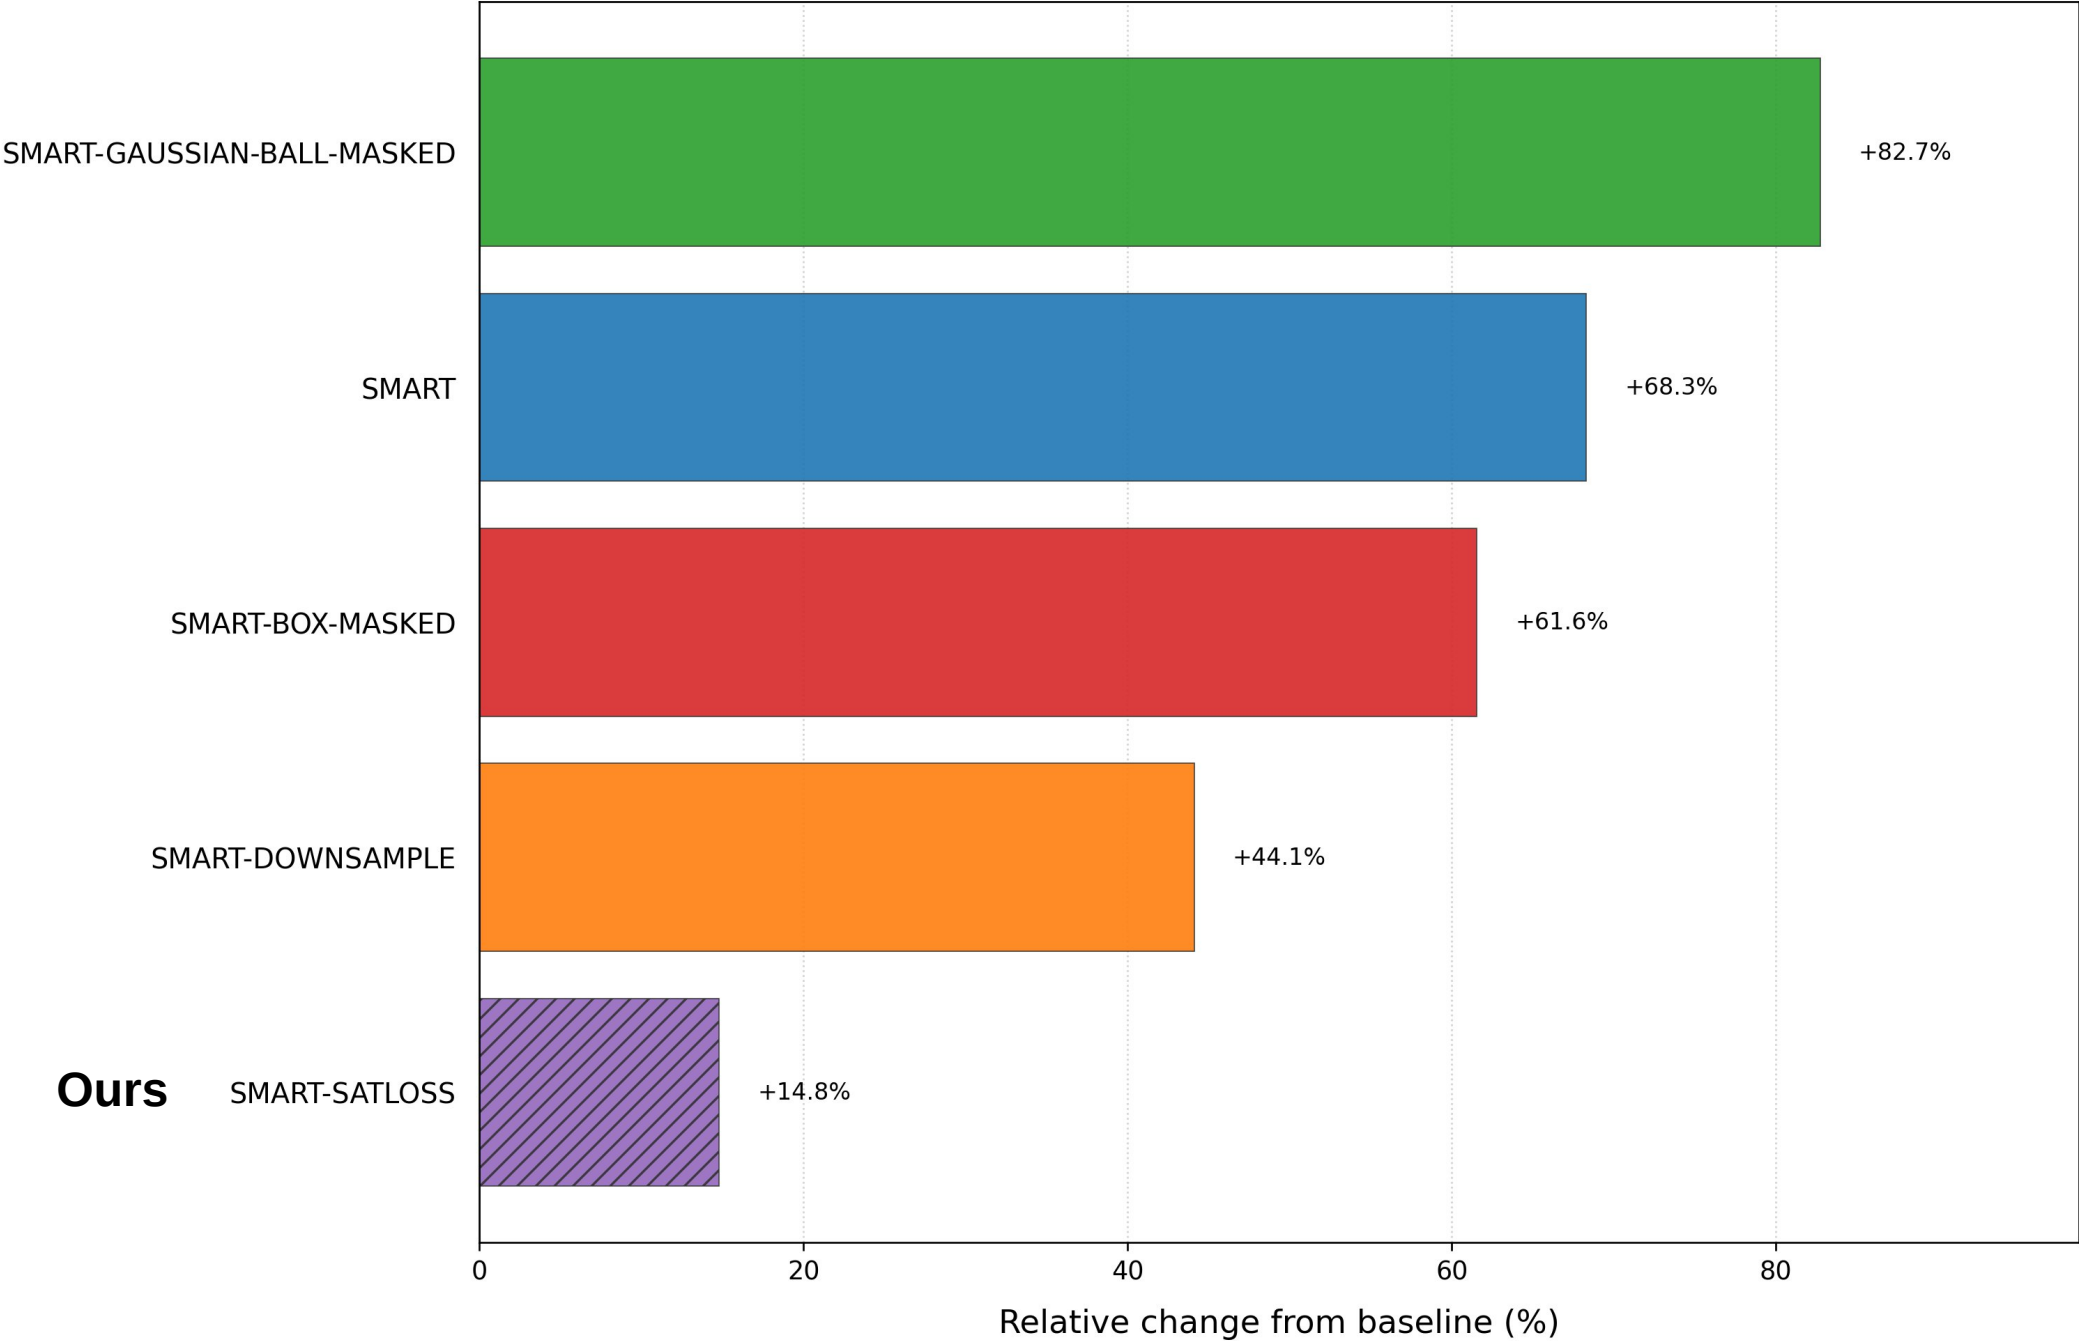

Point sampling Baselines – Gaussian Ball Mask

Combined global error: beta=1.00 relative to beta=0.00

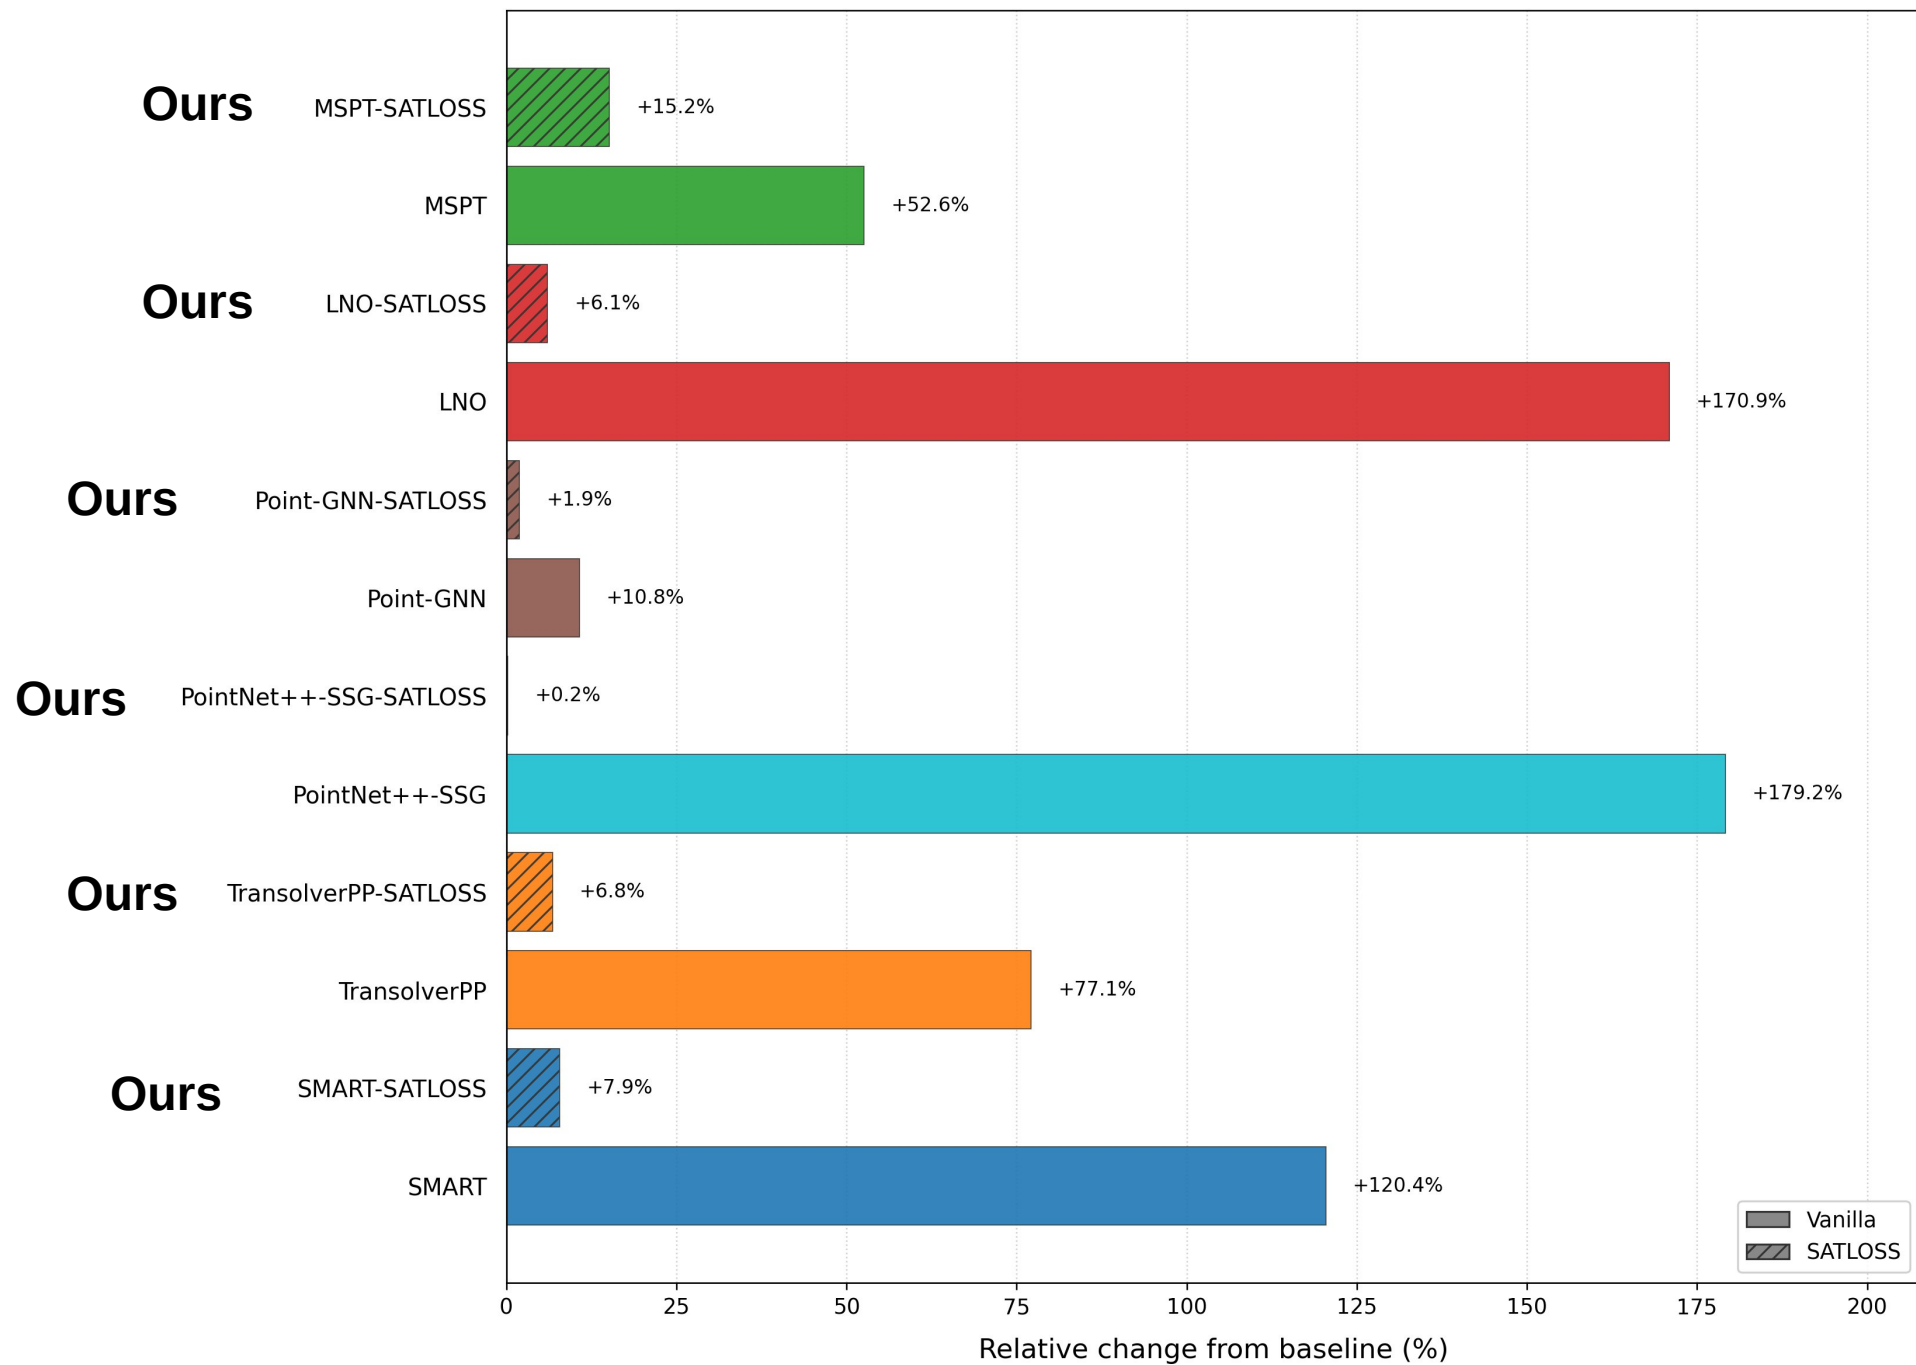

Combined global error: sine=0.50 relative to sine=0.00

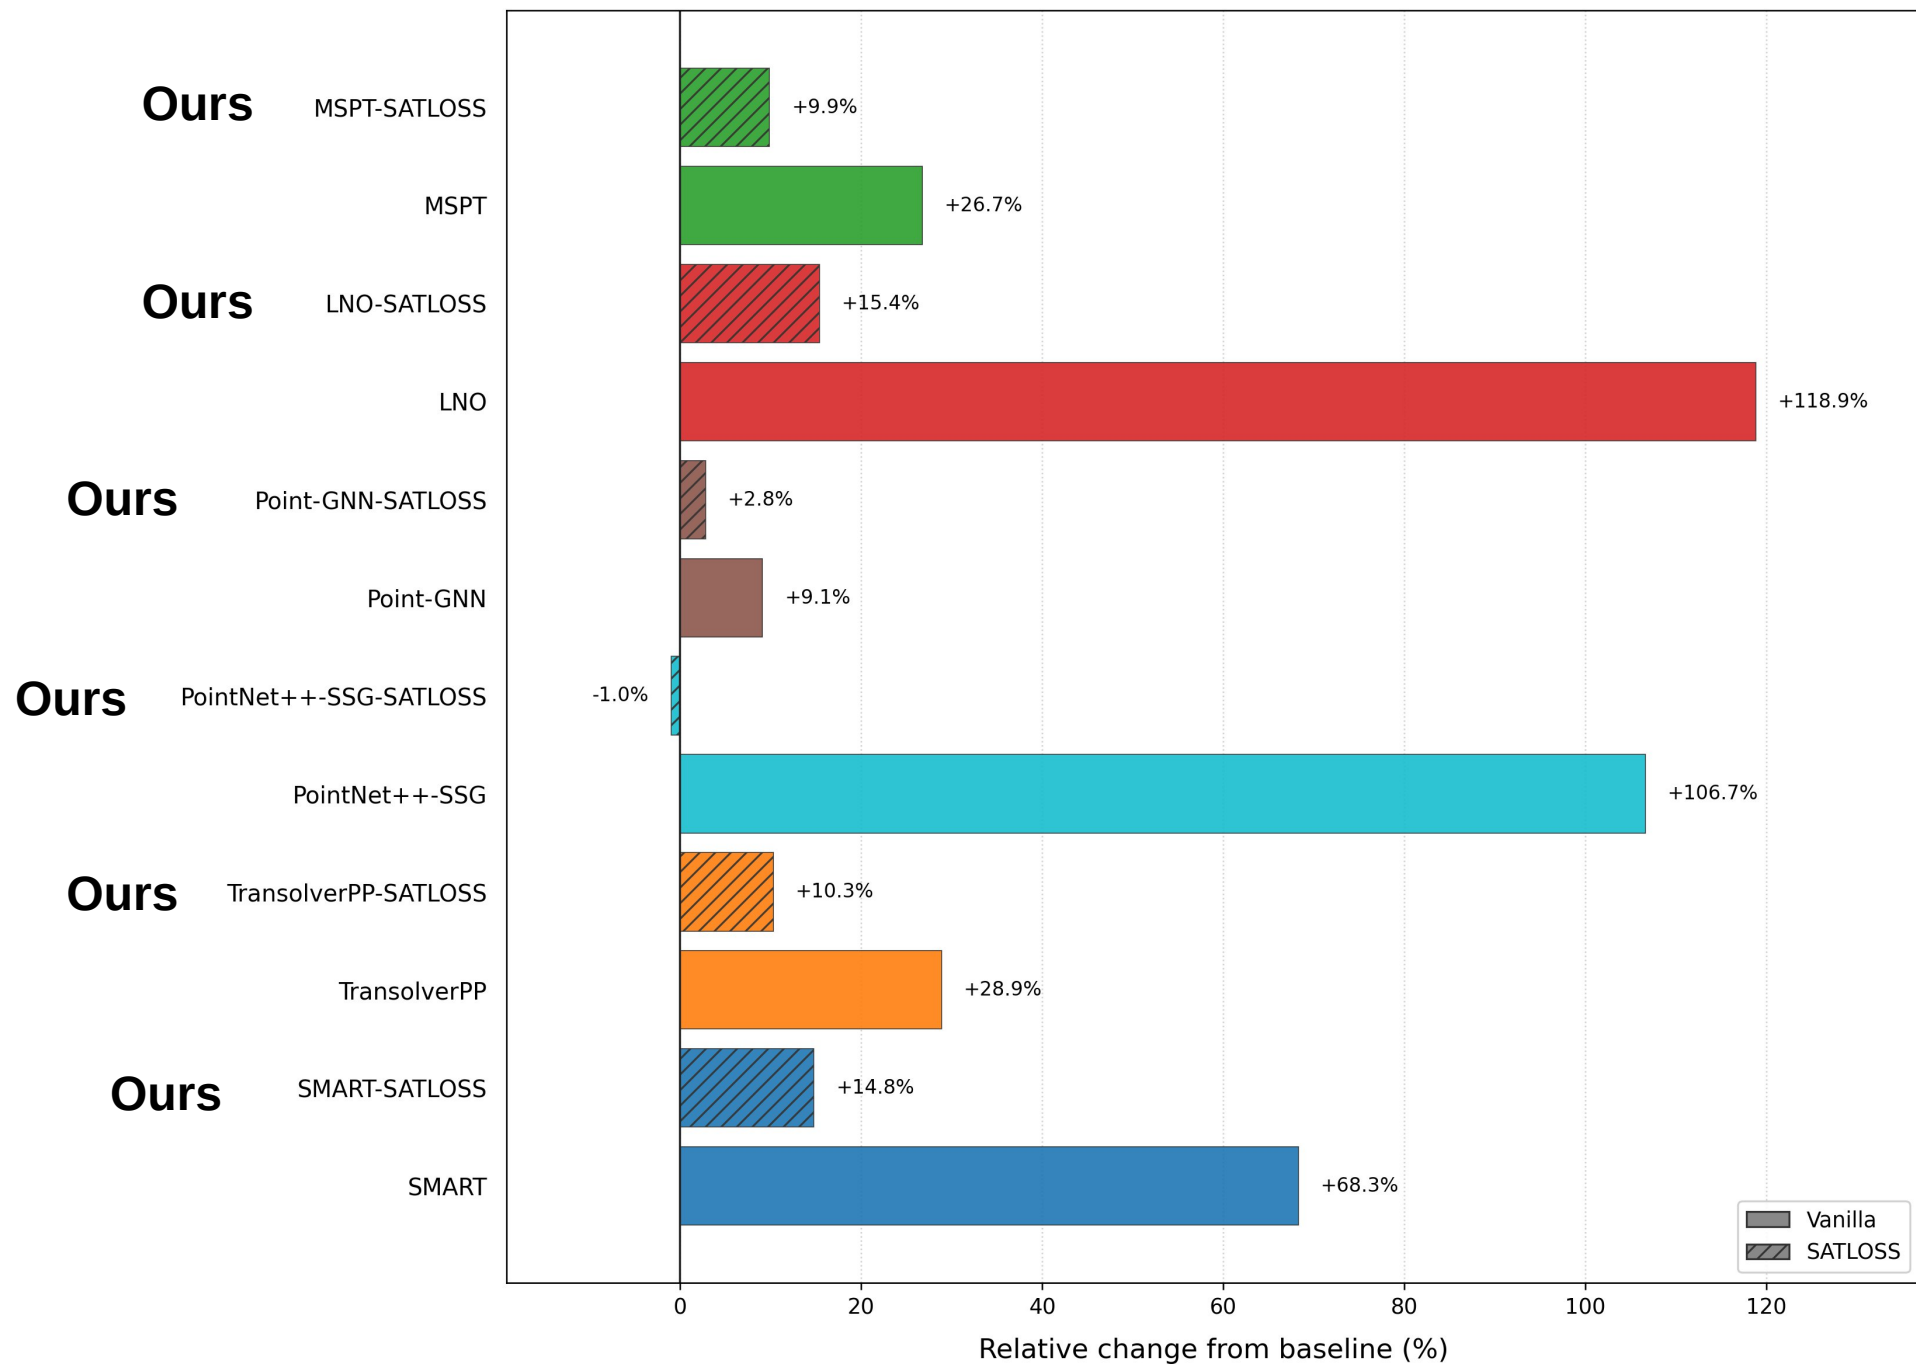

Cross-Model Test

Combined global error: beta=1.00 relative to beta=0.00

Combined global error: sine=0.50 relative to sine=0.00
